### Hisley Expects Jobs For All After Victory

TORONTO, Sept. 26.—(CP)—A combination of continued war expenditures and increased private expenditures, held by Hisley, expects jobs for all who want them in the period after the collapse of Germany, Finance Minister Hisley said.

In an address at a meeting of the Canadian Association of Personnel Publication Editors, Mr. Hisley sounded the keynote of the idea's Seventh Victory Loan campaign which opens Oct. 23 with a minimum objective of \$100,000,000.

While Mr. Hisley was optimistic about employment after victory, following the collapse of Germany he warned Canadians that they should look for a general easing of conditions at that time.

### SOME SCARCITIES

"Some scarcities are bound to continue, particularly scarcities of food and various goods for consumers," he said.

"Therefore we must continue to keep spending in check by victory bonds, by fairly high taxation and by price control, where necessary," he said.

He shared what he believed was a general opinion that continued by actions to stimulate full employment as quickly as possible.

The end of the war with Germany would be accompanied by considerable cut-backs in the production of goods in the armed forces and other changes in employment, but there appeared no cause for alarm.

### LARGE EXPENDITURES

"The important thing is to realize that the government will be continuing with war expenditures on a large scale—a scale which he said would be considered astronomical—that the government will be continuing to employ many hundreds of thousands of men and women," he said.

The high level of war production had only been possible by a curtailment of private expenditures.

"Now, with a smaller but still large war expenditure, we shall be able to relax some of these restrictions and permit, in some cases encourage, expenditures by consumers and business men in some directions. This combination of continued war expenditures and higher private expenditures should certainly provide jobs for all those who want them."

After the collapse of Germany, huge sums would be required for the war against Japan, he said.

"Continued war expenditures and further Victory Loans will be necessary by our participation to which we are committed, in the Japanese war," said the minister.

### Flying Boat Sinks 3 Nippon Warships

ALBANY, N.Y., Sept. 26.—(AP)—United States Navy flying boat sank three Japanese warships off Tarawa, headquarters reported today.

A seaplane tender and two destroyer escorts were destroyed by a single bombing run.

This was one of the most singular feats reported during the consistent bombing of Davao Harbor in southern Philippines.

The flying boat was on patrol over the international Japanese base which has been under almost constant aerial surveillance for weeks.

The attack was made during a Sunday night and Sunday morning. In other Allied raids, a 10,000-ton Japanese tanker and a 3,000-ton freighter were sunk and a 2,000-ton freighter damaged in Dutch Celebes.

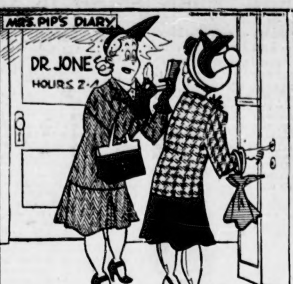

### Quebec Conference Automobiles Stolen, Striped of Tires

MONTREAL, Sept. 26.—(CP)—Several official cars used during the Roosevelt-Churchill conference were stolen and later abandoned here after they had been stripped of their tires, it was disclosed yesterday by provincial police.

Police officials added that the conference car thieves were members of an organized underworld ring which had been broken up after a two-week investigation.

Seven men were arrested on 15 different charges and will be arraigned in court Tuesday. About 300 tires were recovered and police said they were stolen both in Montreal and Quebec districts.

### LIFE'S LIKE THAT

"Need he laugh and sneer at our symptoms. We don't pooh-pooh all those new drugs they think up!"

### Nazis Denounce "Hard Peace"

LONDON, Sept. 26.—(CP)—German propaganda yesterday said in frenzied denunciation of the Morgenthau plan for a "hard peace" for Germany, and it appeared here that Foreign Secretary Eden or even Prime Minister Churchill may choose the controversial issue for an early speech in parliament.

In the Prime Minister's absence official sources have been silent on the Morgenthau plan, but Mr. Churchill's return and parliament assembling today, it was felt that the government's views would be presented directly rather than through some other medium.

"Morgenthau is outdoing Clemenceau," shouted the German radio, adding that occupation of Germany by Americans and Britons would be "as horrible as for their ally, the Bolshevik Russians."

### Pro-Axis Firms To Be Penalized By Britain, U.S.

WASHINGTON, Sept. 26.—(AP)—Great Britain and the United States announced last night that blacklisting of business firms alleged to be pro-Axis will be continued after the war.

In Europe in order to penalize firms which have profited by trading with the Germans and to cut off funds which Nazi leaders might otherwise use in fleeing Germany.

The announcement was interpreted as evidence of a tough post-war Allied economic policy designed to give communities and age to business interests which have co-operated with the Axis countries in competition with those interests accused of growing fat on Axis profits.

### TO HIT SPAIN, SWEDEN

The policy will be felt especially in such countries as Spain and Sweden where Axis trade was heavy and, in fact, began to decline only in recent months when the neutrals finally realized that Hitler could no longer hope even for a compromise peace in Europe.

The policy will be felt in the Western Hemisphere, mostly in Argentina which maintained its links with Germany longer than any other American country and is at present accused by State Secretary Hull of being the headquarters of fascist operations in the Americas.

Of five reasons listed in the Anglo-American announcement for continuing the blacklist in force the last was that it would constitute a means for economic strangulation of Japan.

### Police Fire on Robber Suspects

FORT WILLIAM, Sept. 26.—(CP)—Police fired three shots yesterday during a chase through a downtown Fort William of a suspect in a recent wave of burglaries here.

Police said the man and a companion were captured but refused to divulge their names or comment on the affair.

Two burglaries were reported during the week-end. More than \$10,000 was stolen from the Canadian National Railway freight office and \$15 in cash, jewelry and clothing was stolen from the home of R. Gordon Ross.

Air is a mixture of gases, and not a chemical compound.

### Escaped German Prisoners of War Caught by Police

CALGARY, Sept. 26.—(CP)—While waiting for a west-bound freight, Richard Heinrich, 25, and George Ruuska, 25, German prisoners of war who escaped from the Barnwell Labor camp hostel over the weekend, were arrested by RCMP at nearby Rossburn about 11 p.m. last night.

The prisoners were civilian coats and had turned their prison trousers inside out. They put up no resistance when they were questioned and arrested.

### Bishop Stresses Needs of Church In West Areas

OTTAWA, Sept. 26.—(CP)—Bishop W. F. Barlow of the Anglican bishop of Edmonton, said yesterday that he could not "see within my lifetime—and I hope to live to a ripe old age—the time when the Anglican church in western Canada will not be a missionary charge."

Addressing the Anglican deanery here, Bishop Barlow said several factors were responsible for the condition of the church in western Canada. Seven per cent of the population there was scattered over large areas and was unable to support itself. The clergymen, for the most part, did not remain in a western rural area for more than three years.

"You can't build up a church in that length of time," he said.

### FEW CANADIAN BORN

A small percentage of the clergy in western Canada were Canadian born. Most of the clergymen came from England, served for a time and then returned to Britain.

"Until the clergy are Canadians there will always be the sense of 'not belonging'—and I am in no way criticizing the fine work the English clergymen do either," he said.

Many people who had gone to western Canada were not good farmers and had left the land to find their way in the cities. This had depleted rural areas.

"Unless there is a large scale movement from England to western Canada after the war—and I doubt that there will be—we shall continue to be a small minority," he said.

"There is a suggested solution to the problem of the western missions—limited areas. The United Church to have one area and us to have another. The net result of this? Many are unchurch."

### OKLAHOMA CITY, Sept. 26.—

(AP)—In a slashing attack on President Roosevelt Gov. Thomas E. Dewey last night declared his opponent's record in office "desperately bad" and quoted from Senate records in an attempt to show the White House was responsible for "the shocking state of our defence program" four months before the war.

"He has asked for it—here it is," the Republican nominee asserted.

"There is a mass of quotations in an effort to support his contention that the 'new deal is afraid of peace and resorts to wiretaps and vilification.'"

In a prepared speech, rewritten and recharged as a result of Mr. Roosevelt's Saturday night blast at what he called "frauds" and "falsehoods" on the part of Republican campaign orators, the New York governor declared:

### "INDEED INDISPENSABLE"

"Let's get this straight. The man who wants to be president for 16 years is indeed indispensable. He is indispensable to Harry Hopkins, to Madame Perkins, to Harold Ickes, to a host of other political job holders."

He is indispensable to America's leading enemy of civil liberties—the mayor of Jersey City. He is indispensable to those infamous machines in Chicago—in the Bronx—and all the others."

He is indispensable to Sidney Hillman and the Political Action committee, to Earl Browder, the communist and pardoned communist leader."

This was in reply to Mr. Roosevelt's statement, in his opening campaign speech for a fourth term Saturday night, that it was a "malicious falsehood" to say he ever had represented himself to be indispensable to the country.

### Escaped German Prisoners of War Caught by Police

CALGARY, Sept. 26.—(CP)—While waiting for a west-bound freight, Richard Heinrich, 25, and George Ruuska, 25, German prisoners of war who escaped from the Barnwell Labor camp hostel over the weekend, were arrested by RCMP at nearby Rossburn about 11 p.m. last night.

F. P. Galbraith is editor of the Red Deer Advocate, and a current president of the Canadian Weekly Newspapers' Association. He will be one of the main speakers at the convention. He attended the Saskatchewan Weekly Newspapers' convention, and after addressing the convention here will proceed to Vancouver where he will attend the British Columbia Weekly Newspapers' Association convention on Oct. 5 and 6. Mr. Charters is managing director of the Canadian Weekly Newspapers' Association, and will attend the convention at the Conservative of Brampton, Ont. He will attend the various sessions of the convention.

### Russian Warships Enter Baltic Sea

HELSINKI, Finland, Sept. 26.—(AP)—Heavy gunfire from the Finnish gale echoed in Helsinki yesterday, indicating that the Red fleet had moved in strength into the heretofore German-controlled Baltic Sea for the first time in more than three years.

Russian naval forces were said to be firing at all sea-going craft sighted in an effort to smash German attempts at evacuation and may even have engaged one or two German heavy cruisers which intermits said were covering the enemy's confused withdrawal from the Baltic states.

Windows rattled and chinaware shook as the reverberations of gunfire sounded hour after hour in the Finnish capital.

Meanwhile Finnish troops somewhere in the wilderness stretching across central Finland from Oulu eastward to the Russian border were reported skirmishing with retreating units of the Germans' Lapland army.

### 8,288 Dead Japs Counted on Isles

WASHINGTON, Sept. 26.—(AP)—American troops counted 8,288 Japanese dead on Peleliu and Angaur islands through Sunday, the Navy reported. The islands are "heavily fighting continues" on Peleliu. A Pacific fleet communiqué said action in these Palau islands of the far Pacific found units of the 1st Marine Division making "substantial progress in a northerly direction along the western end" of Peleliu.

### For Escape Attempts British Merchant Seaman Tells of Gestapo Torture

WEST HARTLEPOOL, England, Sept. 26.—(CP)—Michael McPartland, 46-year-old British merchant seaman, has just returned home after escaping from a German prisoner of war camp with a story of torture inflicted on him by the Gestapo because of previous escape attempts.

Three times McPartland tried to escape from a camp near Hamburg after he was captured when his ship was sunk in 1940 in the South Atlantic by a German raider.

After he was recaptured the first time a Gestapo man knocked out all of his teeth with a revolver butt, and he was put on a three months' diet of bread and water.

After his second escape, said McPartland, "I was tortured for one hour every day for 14 days."

### Move Army Centre

OTTAWA, Sept. 26.—(CP)—The Infantry Basic Training Centre at Cornwall, Ont., is to be moved to Camp Borden, Ont., and reorganized from a four-company centre to a two-company centre, defence headquarters announced last night. The change takes effect Sept. 30.

### The Meeting Ground for Mutual Understanding

ONCE more Canada has welcomed the leaders of two great nations to a familiar meeting-place high above the historic St. Lawrence. John Bull and Uncle Sam have got together again with their partner Johnnie Canuck.

Successful as comrades-in-arms, it is essential that the British Commonwealth and the United States continue to work closely together as partners in peace. On this co-operation depends to a large extent the future security of the world.

In linking the two great partners—England and the United States—Canada has a vital role. Of all nations, we are best situated to assure continual co-operation between them. Close neighbour of America... and a key member of the British Commonwealth... we are the mutual friend... the link that joins. To further the deepest understanding between both partners is the duty and privilege of every Canadian.

Calvert  
Distillers/Canada/Limited  
AMHERSTBURG, ONTARIO

In our hearts is the same concept of freedom!

Far back in the 17th Century Calvert, a famous English statesman and Secretary of State to King James I, was one of the earliest pioneers in joining together Britain and America which has strengthened throughout the years.

In 1622 Calvert founded a colony in Newfoundland and, later, a colony in Maryland. Thus, over 300 years ago, Calvert forged a link between Britain and America which has strengthened throughout the years.

The mutual understanding existing between the British Commonwealth and the United States today... fostered three centuries ago by Calvert... is exemplified by the Quebec Conferences. Meeting place of two great nations, Canada proudly shares the partnership... strengthens that spirit of co-operation so essential to final Victory and the preservation of Peace.

## Long Pass Made East Conscious West Grid Skill

By RED GRANGE  
The Original Man-In-Motion

NEW YORK, Sept. 26.—Brick Muller threw his 70-yard pass to Brodie Stephens on the one-yard line in the California-Oleio State game in the Rose Bowl Jan. 1, 1942, officials accepted it as the longest pass in the history of the college game, they called it.

It was that, in more ways than one. For instance, the pass sailed all the way into the elite area, crashed through the crowded end, and was caught by the hands of the great end, Brodie Stephens.

Today, Dr. Harold J. Muller, end physician, deprecates the loss of his patient to football immortality. He prefers to be remembered as a pretty good all-around end. He was that, and he was a good enough broad and hard jumper to make the California-Oleio game a good one to watch. He was a good enough broad and hard jumper to make the California-Oleio game a good one to watch.

It was in throwing a football, however, that Muller stood in a class by himself.

**TOSSED NO IN PRACTICE**

Prior to the game, Muller, then 19, 62, 188, long and limber, threw more with long arms, red hair and hands that resembled bunches of bananas, gave an exhibition of ball throwing. Standing on his 20-yard line, he repeatedly hit receivers on the goal line 80 yards distant.

On the pass preceding Muller's sensational pass in the second quarter of the 34-0 rout of Ohio State, Archie Nesbit, California fullback, lined a pass down the line. The Golden Bears lined up hurriedly. Nesbit at center and George Latham, regular center, flanked Muller's place at end, Brick Muller, lined a pass down the line.

Nesbit snapped the ball to halfback Peaky Spill, who ran to his right, shoved the ball back to Muller, retreating and reversing to his left. Brick drew back and sent the ball sailing like a small dirigible diagonally to a fielder, Brodie Stephens on the one yard line. Brodie stepped over for the score.

At first the crowd couldn't believe its eyes. Pete Binschheim, playing safety, thought Stephens was merely a decoy, he was so far away and ignored him. He couldn't believe anybody could throw a ball that far. There wasn't an Ohio State man within 20 yards of Brodie when he caught the ball.

**STARRED ON ALL STARS**

Later in the game Muller starred almost as far as Shrimp Hall, but the loss was discounted because Latham failed to get to Muller's end position before the ball was snapped and there were only six men on the line of scrimmage. He threw a football in it. It was a baseball, with great speed and accuracy.

Brick Muller had a flare for racing to big occasions. At the conclusion of his senior year he starred for the Western All-Stars against Eastern All-Stars at Columbus, made a one-handed blocking tackle of the safety man, and receiving him as a 50-yard punt, blocked a field goal attempted to break a seven-day and spent 84 yards for the winning touchdown.

Muller truly was a great all-around football player, but as a passer he couldn't be passed.

## Shirley Hay Weds Aussie

RED DEER, Sept. 25.—The marriage of the younger Miss Shirley Hay, only daughter of Mr. and Mrs. F. Hay of Edmonton, and LAC. Sydney A. Rankin, RAAF, son of Mr. and Mrs. Alexander Rankin of Sidney, Australia, took place at the RAAF station at 10:30 a.m. officiated.

The bride wore a turquoise suit of self green. Her accessories were black and her carriage was pink and white.

Miss Vere Lindon was bridesmaid and wore matching accessories and a carriage of pink carnations.

Bride's maid was LAC H. I. Cantor, RAAF.

Mrs. Hay, mother of the bride, wore a rose ensemble complemented by black accessories and a shoulder bouquet of pale mauve roses.

After the ceremony a luncheon was held at the club. The bride was accompanied by F. H. Hay.

Members of the Great West Life Insurance Company will be present at the Methodist hall, Tuesday evening.

Try New, Improved Ovaltine

If your child lacks a zest for food, it may be that his diet is short in very important food elements which, science has discovered, everyone needs for health. His growth may be retarded or impaired and he may be an easy victim to prevailing sickness.

As a "protective" food-drink, "New, Improved Ovaltine" adds to a child's meals the essential food elements most likely to be deficient in his diet.

Three servings of "New, Improved Ovaltine" furnish a child with a significant portion of his daily requirement of Vitamin A, B, and D, and the minerals Calcium, Phosphorus, and Iron—plus quick food-energy elements and high quality protein—well for building sturdy bodies.

Send your child extra food, in this or under any, who not start giving him "New, Improved Ovaltine" regularly? Get Ovaltine at your drug or food store.

## Beefsteak and Kidney Pie

This famous standby is a wonderful dish for fall appetites

Another popular way of using the less expensive cuts of beef, steak and kidney pie is delicious, nutritious and easy to prepare.

Get 1 lb. of round steak and one beef kidney into 1 1/2 inch cubes. Dredge in well seasoned flour and brown in hot lard. Simmer in a heavy saucepan for about two hours. Add 4 tiny onions peeled and sliced, 4 or 5 carrots striped and sliced and 6 potatoes peeled and quartered. Cook 15 minutes more. Blend lard left from browning meat, with flour left from dredging and work into smooth gravy with stock. Now line sides of a deep dish with Silverleaf pie paste—see panel—place a support

for top crust in center and turn in filling. Moisten top edge of paste with cold water and adjust rolled-out sheet of paste slotted for escape of steam. Bake in hot (375 degrees) oven until crust is golden brown. . . . about half an hour.

## SILVERLEAF PIE PASTE

3 cups cold lard

1 cup baking powder

2 cups salt

10 cups cold Silverleaf lard very cold water

Measure and sift into a bowl. Beat lard into lard, remainder mix. Sift salt, with a fork, work in just enough cold water to make a paste that will cling together and crumble easily for rolling.

## Expect Increase Bird Licenses

Because of more ammunition made available by the Dominion government this year an increase in the number of game bird shooting licenses issued this fall is expected by provincial game branch officials.

Any registered owner of a shotgun may obtain two bonus shells under Dominion rationing regulations.

Last fall only sportsmen with shells left over from previous years were able to hunt.

There is a plentiful supply of gamebirds this fall with large numbers of mallard ducks and geese flying south.

So numerous are ducks that in some of the northerly districts damage to crops has been reported.

Season on prairie chickens, partridge and cock pheasants opens Monday. Season on chickens and partridge will remain open to Dec. 15. Pleasant shooting season closes Oct. 31.

Such partridge can not be shot this fall.

The first rained in Scotland, opened in 1812, was worked by horses.

## What Council Did

Referred to the finance committee the financial report of the City of Edmonton for the three months ended June 30, 1934, submitted by Messrs. Kinnaird and Aiken, chartered accountants, and city auditors.

Passed a resolution that no new assessment be made this year, and that the 1934 assessment roll be carried forward to 1935, and instructed that the necessary bylaws with respect to the 1935 assessment be prepared and brought to council.

Referred to the V-day committee the question of purchase of fireworks for V-day celebrations. Mayor John W. Fry indicated he would convene the committee this week to discuss plans for suitable observance of V-day.

Accepted the report of progress from the bylaws committee on the provision of additional space for the health board clinic after Mayor J. W. Fry had indicated

that the commissioners were hearing a solution of this problem.

Received as information the statement of expenditure made by the City of Edmonton Squadron fund.

Received as information a report from the city commissioners that the provincial government was not taking any further action to establish day nurseries here in view of the adverse report submitted by the committee appointed by the government to deal with this matter.

### Open Conference

OTTAWA, Sept. 26.—(CP)—A four-day conference on the collection and preparation of vital statistics opens here today with representatives from all provinces expected to attend.

Most countries of the world use a standard time based on one of the seven hour meridians as reckoned from Greenwich, England.

## Alberta Juniors To Show in East

It is expected that Alberta will again be well represented in the annual national junior club judging contest for prize beef cattle, dairy cattle, swine and sheep to be held in Toronto during the week of Nov. 19. Additional events of the competition will be held at the Guelph Agricultural College and are under the direction of the Canadian Council on boys and girl club work.

S. H. Gaudier, supervisor of junior activities, said Monday that district agriculturists are now selecting and preparing their district teams.

The teams will first compete in provincial contests to be run off during the week of Oct. 30. The University of Alberta farm at Edmonton, School of Agriculture, Olds and the Dominion experimental farm at Lacombe will probably again be the venue of the provincial contests.

Zone winners will meet to decide provincial winners in a contest at Edmonton, with the final winners eligible for national contests in Toronto in November.

## Governor

Chris Olsen who was elected governor at the annual Western Canada federal federation conference of Compositel clubs at Calgary on Monday. He is a past president of the Edmonton Club. Jack Norman of Edmonton was elected secretary-treasurer. Harry Barton of Prince Albert, Sask., was elected lieutenant-governor and Max Pascook, Calgary, was elected judge advocate.

## Noted Opera Tenor Returning To Air

Another highlight program is to be heard in Canada. James Melton, the noted opera tenor, sponsored by McColl-Fontenac Oil Company Limited and its Red Indian dealers, returns Sunday evening, Oct. 28, over the CBC Dominion network. Mr. Melton has supported each week in these popular programs by outstanding guest stars and Al Goodman and his orchestra. Canadian radio listeners will welcome the return of this popular star of stage, screen and radio whose voice has thrilled millions all over America. The program will be broadcast from 7:30 to 8 p.m. (MOT).

## City Old Timer Dies at 81 Years

The death of a former well-known city blacksmith, Joshua Wesley-Johnson of 9023 103rd Avenue, took place at his home on Sunday, Sept. 24, at 81 years of age. Born in Elgin, Ont., he came to Edmonton in 1884 when he had been retired for a number of years.

He well predeceased him in March 1933. He is survived by three brothers, Fletcher of Westlock and Edward and Gustav of New York, three sisters, Mrs. E. Knapp and Mrs. William Wilkie of Kingston and Mrs. R. Pope of Saskatoon. Two nieces, Mrs. R. Clarke and Mrs. David Williams live in Edmonton.

A funeral service will be held at the Connolly and McKinley funeral home at 2 p.m. Wednesday. The Rev. McBurney Thompson will officiate. Mr. Wilkie will take place in Edmonton cemetery.

## Lord's Day Alliance Officials Coming

The Rev. George G. Weber, national president of the Lord's Day Alliance accompanied by the Rev. W. N. Byrne, western field secretary, will be in Edmonton on Wednesday and will meet all interested in Lord's Day observance at 2 p.m. at First Presbyterian church.

## Weekly Newspapers Plan Coast Meeting

## Workman Killed

WINNIPEG, Sept. 26.—(CP)—Stanley Latta, 58, was killed yesterday when a trapdoor fell on his head while he was working at the Building Products plant in North Winnipeg.

## Street Cleaning Dept. Proposed At Council Meet

The creation of a civic department to administer street cleaning, scavenging and other similar services will be considered by the city council's finance committee.

A motion calling for the creation of this department to be operated under the direction of a sanitary engineer was proposed by Ald. M. M. Downey, and on the motion of Ald. J. H. O'Brien was referred to the finance committee for consideration and recommendation to the council.

The city commissioners were instructed to submit a report and recommendation to the committee concerning the proposal.

## MUCH EXTRA WORK

Spoke for his motion Ald. Downey said that it had been apparent that the city engineer's department, now supervising the street cleaning and scavenging, was being called upon for considerable extra work in connection with the city's post-war reconstruction program.

He expressed the opinion that the department was overloaded with work and that it was not possible for the city engineer to devote the time necessary to meet all the problems of the city.

He called attention to the proposed change contemplated in the city's scavenging policy. This policy if adopted meant the purchase of a considerable amount of equipment, the locating of dumps in outlying areas, and other details that would necessitate considerable work.

Dealing with the finance committee's request for a report on the proposed change, Mr. Downey said that a man specially trained should be put at the head of the proposed department.

## Services' Council Will Present Play

"Dark Eyes," a comedy, will be presented by the Allied Arts War Services Council at the Western Auditorium on October 5, 6 and 7 inclusive at 8:30 p.m. Sponsored by the War Services Council of Northern Alberta, the entire proceeds of the production will be spent on the entertainment of returned wounded service men and women.

In the cast of "Dark Eyes" are Rita Hammond, Miss Davies, who won the recent Alberta Drama Festival award of best actress, Margaret Shortell, Dorothy Galloway, Dorothy Sprule, Eric Pfeiffer, John Caldwell, Jim Spiller, and George Cook. "Dark Eyes" is produced and directed by Elizabeth Sterling Haynes, convener of the drama section of the Allied Arts Council, and whose work needs no introduction to Edmonton theatre-goers.

## City Delegates To Attend Meet

The annual meeting of the Alberta Public Health Association will be held Oct. 2 and 3 at the Palliser hotel, Calgary, when provincial and city health officers will be among delegates.

Edmonton delegates include Dr. A. Somerville, director of communicable diseases and inspector of hospitals for the provincial department of health; C. C. Evey, supervisor of health and nursing services; Miss Helen McArthur, provincial superintendent of public health nurses; Miss Blanche Emerson, public health nurse, child welfare clinic; Miss Madeline McCullough, director of the School of Nursing, University of Alberta; and Dr. G. M. Little, city medical health officer, and other members of the city health department.
